(54) PORTABLE TERMINAL

(57)Abstract:

PROBLEM TO BE SOLVED: To provide a portable terminal which can be used as karaoke for one person (karaoke training machine).

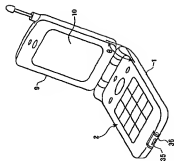

SOLUTION: An operation section 2 is formed on the upper surface of a cellular phone body 1 and a music generating section to reproduce karaoke tunes is equipped inside. The lyrics of a karaoke tune are displayed on a display section 10. A microphone shaft 4 to hold a microphone 3 is extendably and contractibly installed at the central front section of the phone body 1. The microphone shaft 4 is constituted of a first shaft 5 to be inserted into the phone body and a second shaft 6 to be inserted into the first shaft 5, and the microphone 3 is fitted to the tip of the second shaft 6. A user extends the microphone 3 to its longest and can enjoy karaoke by singing to the microphone 3 watching the lyrics on the display section 10.
